The Union is a registered charity and a company limited by guarantee. As prescribed in the Articles of Government the Union conducts and manages its own affairs and funds in accordance with a constitution approved by the Governing Body and is required to present its audited accounts annually to the Governing Body and in accordance with the Financial Memorandum.

3. Constitution of the Union

"The students' union should have a written constitution and the provisions of that constitution should be subject to the approval of the governing body at intervals of not more than five years."

- a. The Students' Union is governed by the Articles of Association and Bye-Laws which together form 'the Constitution'. The Articles of Association are approved by the student body at a Members Meeting, by Trustees and Company Members at a General Meeting and by the Governing Body of the University. The Bye-Laws are approved by Union Council and the Board of Trustees.
- b. Copies of the Articles of Association and Bye-Laws are available on the Students' Union web pages.
- c. The Articles of Association are to be reviewed by the Governing Body at intervals of not more than five years but the Governing Body of the University may take the opportunity to review the terms of the Articles of Association should the Students' Union at any time bring forward proposed amendments.
- d. The process of amending the Bye-Laws of the Union are established in the Bye-Laws.

4. Membership of the Union

"Students should have the right not to be members of the students' union. Students who exercise that right should not be unfairly disadvantaged, with regard to the provision of services or otherwise, by reason of their having done so."

- a. All registered students of the University will become Student Members of the Union unless they exercise their right to opt out of membership of the Union. Students will be informed of their right to 'opt-out' of Student Membership upon initial enrolment with the University.

- f. The University has made no special arrangements for the provision of services or facilities for non-members of the Students' Union, since it is satisfied that the provision made by the University and the Students' Union for all students, whether they are members of the Students' Union or not, is sufficient to ensure that those who have exercised the right of non-membership under the Act are not unfairly disadvantaged.
- g. There will be no financial compensation to students who have exercised their right of non-membership.
