

Micro Teach Lesson Plan

You **must** use this template. Complete it and bring it to the interview with a copy for the interviewer(s).

Firstly, think about these three questions for your 10 minute session, and complete the table below:

1	What do I want to teach the students? What do I want the students to learn or be able to do?	
2	How am I going to do this?	
3	How will I check that they have learnt it?	

Now complete the form below, to help you with the procedure of the session. It will be in three stages.

Timing	What will you be doing?	What will the students be doing?
	Present: (How are you going to present the topic? Use bullet points)	
	Practice: (Create a resource that the students can use to practise)	
	Recap: (How are you going to check the students have understood)
